

**Weekly Vaccination Update**

With the assistance of Marlborough Hospital and Bouvier Pharmacy, the Health Department has administered first doses to those in Phase 1. Last week Bouvier Pharmacy with the assistance of the Health Department, conducted a first dose clinic for the residents of 240 Main Street. The Health Department also conducted first dose clinics for 397 Bolton Street, 29 Pleasant St and 22 Broad Street (Academy Knoll) residents. We have administered nearly 500 vaccinations to date.

Regarding clinics, the vaccine being distributed to health departments is very limited and this limitation is expected to be in place for a couple more weeks. The Health Department can only plan vaccination clinics once the quantity of doses received from the State is known.

**Upcoming Vaccination Clinics**

The Marlborough Board of Health in conjunction with the Mayor’s Office and the Council on Aging will be offering a limited clinic next Wednesday, February 10, 2021, from 10:00 AM to 12:30 PM, at the Senior Center (40 New Street) for **Marlborough residents who are 75 years of age or older.**

To expedite your appointment please use the link below to register and select a time. Family and friends are encouraged to assist those who do not have internet access. Please know that second dose notifications and all other communications and updates will be sent to the email the participant provides during registration. **If you do not have access to the internet or need assistance with registration the Council on Aging staff is ready to help, simply call them at 508-485-6492.**

**Note:** access to the parking at clinic locations will not be permitted until 10 minutes prior to your appointment time and **entry into the clinic is not allowed until your designated appointment time!**
